

Post Results Services Information for students and parents / carers

Summer 26 exam series

Introduction

This leaflet explains the exam board post results services for the Summer 2026 series.

Grade boundaries

Grade boundaries show the minimum number of marks you need for each grade. Exam board grade boundaries will be published on the individual exam board website from 8am on results day.

Making an enquiry about your results

If you wish to request a post-results service, please speak to your subject tutor and complete the Review of results application form. Please submit this to your tutor by the published deadline.

- Requests must be submitted via email to subject tutors only.
- Learner consent is required for all the requests.
- Late requests are not accepted.
- Outcomes may improve, confirm, or lower grades (no grade protection).

Clerical check (service 1)

A check of all clerical procedures which lead to the issue of a result. This service includes the following checks:

- That all parts of the exam paper have been marked
- Marks have been recorded/added up correctly
- Special consideration has been applied (where appropriate)
- The grade boundaries have been applied accurately

Exam boards aim to provide an outcome to a clerical check request within 10 calendar days. Please be aware that your marks can go down as well as up.

Review of marking (service 2)

This is a review of the original marking to ensure that the agreed mark scheme has been applied correctly. It will also include a clerical check. The awarding body will have trained its reviewers to conduct reviews of marking accurately and consistently.

If you request a review of marking there are three possible outcomes: -

- Your original mark will be **confirmed as correct** and there will be no change to your grade
- Your original mark may be **raised**, and this may or may not result in a change of grade
- Your original mark may be **lowered**, and this may or may not result in a change of grade

Awarding bodies aim to provide an outcome of a review of marking request within 30 calendar days.

The deadline for requesting a review of marking is **24th September 2026**.

Access to scripts

Access to a copy of the marked paper is for use when a candidate wants to see their exam paper before deciding whether to ask for a review of marking **or** when a candidate wants to use their exam paper for learning purposes. You can make this request by contacting your subject tutor. The exam board will email a PDF copy of the marked paper to the Examinations Officer. This will then be emailed to your tutor. Requests received after the relevant deadline will not be accepted.
