

Bricklaying Level 1 Diploma

Welcome to the fine art of bricklaying. Our aim is to train you to a high standard and prepare you for a job within the construction industry.

Staff contacts:

Matt Clarke, Programme Lead Level 1 Bricklaying
matt.clarke@easterneducationgroup.ac.uk

Preparing to start your course.

All tools are provided for the practical sessions however; you are encouraged to buy and use your own brick trowel.

Safety boots are **mandatory** for the brickwork workshop, and you will have to supply these yourself. All other personal protective equipment (PPE) is free and supplied by the college.

For the classroom theory classes, you will need to bring with you a note pad, pen, pencil and ruler as a minimum for note taking and drawing exercises.

Summer work task:

1. Research and name the tools used by bricklayers and what they are used for.
2. Research what common materials are used to construct a house.
3. Research what mortar joint finishes can be used by bricklayers.
4. Research and name 5 pieces of PPE used in construction and why they are used.

Please write your answers on a word document.

Deadline: 20th August 2026
