

Level 3 Diploma in Hairdressing
Lesson preparation – get ready for September 2026
Gathering ornamentation.

To make a creative headdress/hat in our first week and incorporate it into a hair style design

Your task is to source items from car boot/charity shops/jewellery boxes that could be constructed with wire, glue guns and fabric to make a fascinator/headdress or an ornamentation piece that will compliment a long hair up/down hairstyle that you will create, on your 'WSUK' blonde tuition head that is in your L3 hairdressing kit.

Craft items need to be sourced and brought in for class on the first week of the course in September alongside the tuition head and kit to complete the task and to photograph the results
