CONSTRUCTION COMPETITION

Building a Hedgehog House

What do we need to do?

We would like you to build a hedgehog house using any recycled materials you like. First read the Construction Box guide and watch the instructional video as both will give ideas and tips, but you don't have to copy them exactly. Our judges will be looking for the most well thought out house that appeals to humans as well as hedgehogs.

What are the entry levels?

Each competition has two entry levels, one for Key Stage 1 and one for Key Stage 2.

How do we enter?

First you must register your school at <https://www.wsc.ac.uk/about-the-college/buildtastic>
Then send your photos or a video of no more than two minutes by email to buildtastic@wsc.ac.uk

When is the closing date?

Entries must be received by 6pm on **Friday 6th November 2020**

When do we find out if we have won?

Winners will be informed by email on: 13th November 2020

What could we win?

The prize for each entry level is a **day of Construction activities** for your class (up to **30 children**) at our Milburn Built Environment Campus in Bury St. Edmunds, this will include a **picnic style lunch** and a **£100 contribution towards your transport costs**. The activity days will be held in late June early July 2021, dates to be confirmed.

Any questions please email buildtastic@wsc.ac.uk

GOOD LUCK!

This project has been part funded by the European Social Fund.
