

Remote Learning Progress Support Service

Receive instant feedback and positive suggestions on your current approach to delivering effective remote learning via a one-hour consultation with one of the East of England EdTech Demonstrator Schools / Colleges.

- **Receive instant feedback** and **positive practical suggestions** relating to your current approach to Remote Learning from one of the expert demonstrator Schools and Colleges
- Support includes **signposting to the latest and most relevant** guidance and resources for your institution to develop effective remote learning practice.
- **Secure longer term free support** from the demonstrator programme
- Share your pressures, concerns, and worries with an expert colleague

Who should apply?

- Teachers, Curriculum Leaders and Senior leaders who are responsible for Remote Learning delivery
- This offer is available to any maintained schools College including those that have already received support from the EdTech Demonstrator programme
