

Procedures Manual

03.02.01 FEE AND CHARGING POLICY

PURPOSE	To ensure a single College procedure is implemented
SCOPE	All staff involved with informing the public and students about course fees and refunds
RESPONSIBILITY	Vice Principal Finance and Resources, Head of CIS, Data and Achievement, Head of Finance

SUMMARY

This policy sets out the framework within which the College will set fees for the academic year for classroom delivery funded via the Education and Skills Funding Agency, Student Loan Company provision or where no funding is available, full cost courses.

Fee remission will be applied in line with the ESFA guidelines.

PROCEDURE

Course Fees

- Course fees will be published annually following publication of the funding organisation ESFA Funding Rules by June each year.
- Course fees should include all tuition fees, assessment materials and awarding body registration and examination fees. Any subsequent resit fee may also be payable. Fees for professional bodies are not included.
- Course fees are payable in full at the time of formal enrolment, with the exception of deferred payments (see below) or unless an Advanced Learner Loan has been applied for and granted.

Concessions

- Where a student is claiming a concession, a declaration must be signed by the student at the point of enrolment.

Assistance

- If a student cannot meet the course fees an application may be made to Finance Support for assistance with payment of fees. Enrolment cannot be confirmed unless support through the College Finance Support Fund has been granted in writing. Applications should be made via the online application form on the College website. Students who require assistance to complete their application should make contact with the Bursary Administrator.

Deferred payment

- Deferred payment terms are available where the course fee exceeds £375. Payment can be made in a maximum of four instalments, however the first payment must be made before the start date of the course. Payments can be made on the 1st or 20th of the month according to the student's preference with further payments on consecutive months. If the course extends for less than six months payment in full will be required before the last day of the course. In the event that a payment is cancelled by the student without good reason then the remaining balance will be immediately payable in full.

Refunds

- Refunds will given as follows.
 - If a student leaves a course within the first two weeks of commencement of the course, the course fee may be refundable in full, subject to an administration fee of £30.00.
 - If a student leaves an annual course during the first six weeks of the commencement of the course, the second and third term fees may be refunded.
 - If a student leaves during the second or third term no refunds will be available.
- If payment for the course has been made by an Advanced Learner Loan then it is the responsibility of the student to inform the Student Loans Company (SLC) if they have withdrawn from the course. If they have withdrawn from an annual course during the first term, then payments from SLC to the College will stop and the student will be legally responsible to the SLC for the amount of loan already used. The student will also be personally liable for the remainder of the term's fees to the College if they withdraw after the first two weeks. If a student leaves an annual course during the second or third term they will be legally responsible to the SLC for the amount of loan already used and also the remaining balance of the course fee due to the College.
- For short courses, less than 6 weeks, no refunds will be available after commencement of the course. Courses over 6 weeks but not annual refunds will only be considered in exceptional circumstances.
- In exceptional circumstances only the Vice Principal of Finance and Resources will be able to vary the above regulations.
